Introducing Student Life in Yamaguchi

Students from Yamaguchi University will show a short self-produced film introducing several spots of interest in Yamaguchi-City and nearby Shimonoseki-City, followed by the opportunity to ask them about life and study in Yamaguchi. We will hold two sessions, one in Japanese for those students who are looking forward to practicing their Japanese skills in conversation and one in English. No application necessary, just join using the ZOOM-link below! Please note that the time is Japan Standard Time (JST) and might differ significantly from the time in your location!

Japanese session
