

THE INTERNATIONAL CONFERENCE OF UNDERGRADUATE RESEARCH

28 - 29 September 2021
27 - 29 September, if joining from the Americas

The International Conference of Undergraduate Research (ICUR) is an annual, two-day academic conference that showcases the best in undergraduate research from around the world. ICUR fosters international connections and interdisciplinary conversations between undergraduates from partner institutions.

HOW TO GET INVOLVED

Both audience and presenters will join the conference virtually through the ICUR App, where you can watch, participate, interact and ask questions without having to leave your home.

This year, no matter which time zone you live in, you will have access to any panel that is taking place while you are logged in to the mobile app or desktop version.

The App is available now to download on both mobile and desktop services via the Apple and Google Play stores with conference content made available in September. Access the desktop version at [icur2021.entegyapp.com.au/](https://www.icur2021.entegyapp.com.au/).

Visit www.icurportal.com to register as an audience member.

We hope to see you at #ICUR2021!
